

Save money with a health FSA

What is a health flexible spending account (FSA)?

A health FSA lets you put pre-tax dollars deducted from your paycheck into a special account to help pay for eligible medical, pharmacy, dental and vision expenses.

How does it work?

When you enroll, you choose your FSA contribution amount. You can contribute as little as \$10 per month (\$120 annually), all the way up to \$229.17 per month (\$2,750 annually). If the IRS raises the maximum for 2022, you will be able to elect up to that amount. This money will be deducted from your paycheck before taxes and put into your FSA.

FSA enrollment is NOT automatic—you must enroll in your FSA each year!

**Enroll between
Oct. 1 and Oct. 31, 2021**

FSA benefit eligibility is dependent on your Railroad employer and Labor Union affiliation. If you are unsure of your eligibility, you can contact Railroad Enrollment Services at 1-800-753-2692 or your Union representative.

How do I pay for eligible health FSA expenses?

When you enroll, you'll receive a special Health Care Spending Card. It's connected to your FSA, so funds will be automatically withdrawn from your account to pay for eligible expenses—there's no need to submit a claim.
