

***BMW Canadian Legislative Directors Support Merger  
with IBT and Teamsters Canada***

The Brotherhood of Maintenance of Way Employees have, in Canada, by Constitution, a legislative department comprised of legislative representatives, legislative directors and a Grand Lodge Vice President in charge of legislative matters.

The Legislative department in Canada deals with governmental issues, including, but not limited to, legislation, Workers Compensation matters (CSST in Quebec), disability cases, railroad safety and many other issues of concern to railroaders.

There is a legislative representative directly elected for each local lodge in Canada, by the members in good standing of that lodge. Every four (4) years, the elected representatives of each respective Province in Canada, where we hold jurisdiction, assemble to elect the Legislative Director, from their body, for that Province.

On April 29, 30 and May 1st, 2004 the Legislative Directors held their own quadrennial meeting in Winnipeg, MB. In the early afternoon of the April 29th meeting day, Teamsters Canada Assistant to the President, Francois Laporte spoke to the Legislative Directors about the Teamsters Canada organization. Brother Laporte refused to speak negatively about the United Steelworkers of America, but instead, spoke on the positive benefits which will be jointly realized by the Teamsters Canada Rail Conference and the Brotherhood of Maintenance of Way Employees when our organizations are merged.

Brother Laporte also thoroughly answered any and all questions put to him, which varied from topics such as elections and bargaining all the way to dues structure, and he was clear in the fact that the majority of issues will be decided by the Maintenance of Way members themselves, as Teamsters Canada is a democratic organization, driven from the bottom up, not vice versa.

Following the discussion about Teamsters Canada, the following resolution was motioned by S. Crawford, the Legislative Director for BC and seconded by A.R. Terry, the Legislative Director for AB.
